

Westchester Speech, Hearing & Language is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

# Westchester Speech, Hearing, and Language Association

Presents a **0.2 CEU Evening Workshop**  
(with light dinner)

## Sensory Processing Disorder: Identification, Self-Regulation, and Strategies Presenter: Vincent Incognoli, MA, OTR/L

### MEMBERS ONLY

**Wednesday, November 8, 2017**

**5:15-6:00 Registration**

**6:00 -8:00pm Program**

**Burke Rehabilitation Center – Rosedale Room**

### Course description:

Sensory Processing Disorder (SPD) affects many children who are seen by speech-language pathologists. These children suffer with hyper- or hypo sensitivity to sights, sounds, or touch which affects their abilities to learn and socialize. This workshop provides an overview of SPD, its subtypes in children (pre-k to middle school), and strategies for identification and treatment. Self-regulation concepts and strategies will be provided as the foundation and key to working with clients with SPD.

### Learning Objectives – As a result of this workshop, attendees will be able to:

- *Name the 3 SPD Primary Patterns and subtypes as well as red flags for identifying them.*
- *Implement treatment strategies for each SPD subtypes.*
- *Define self-regulation and list strategies that foster regulation in children with SPD.*

**Presenter:** Vincent Incognoli, Occupational Therapist - provides treatment to pediatric clients at his private practice, Sensory Works Occupational Therapy PC/ Sensory Integration and Praxis Test certified/ DIR trained/ caseload- early intervention through young adulthood/ specialty area- Sensory Processing Disorder (SPD)

### Financial - Disclosure
